

Battleship puzzle 24: 10x10, carrier fleet

10 x 10 · 10 ships · 24 ship squares · 5 given squares · fleet logic

Find the hidden fleet. Each number counts the ship squares in its row or column. Ships lie straight and never touch, not even at a corner. Wavy squares are water.

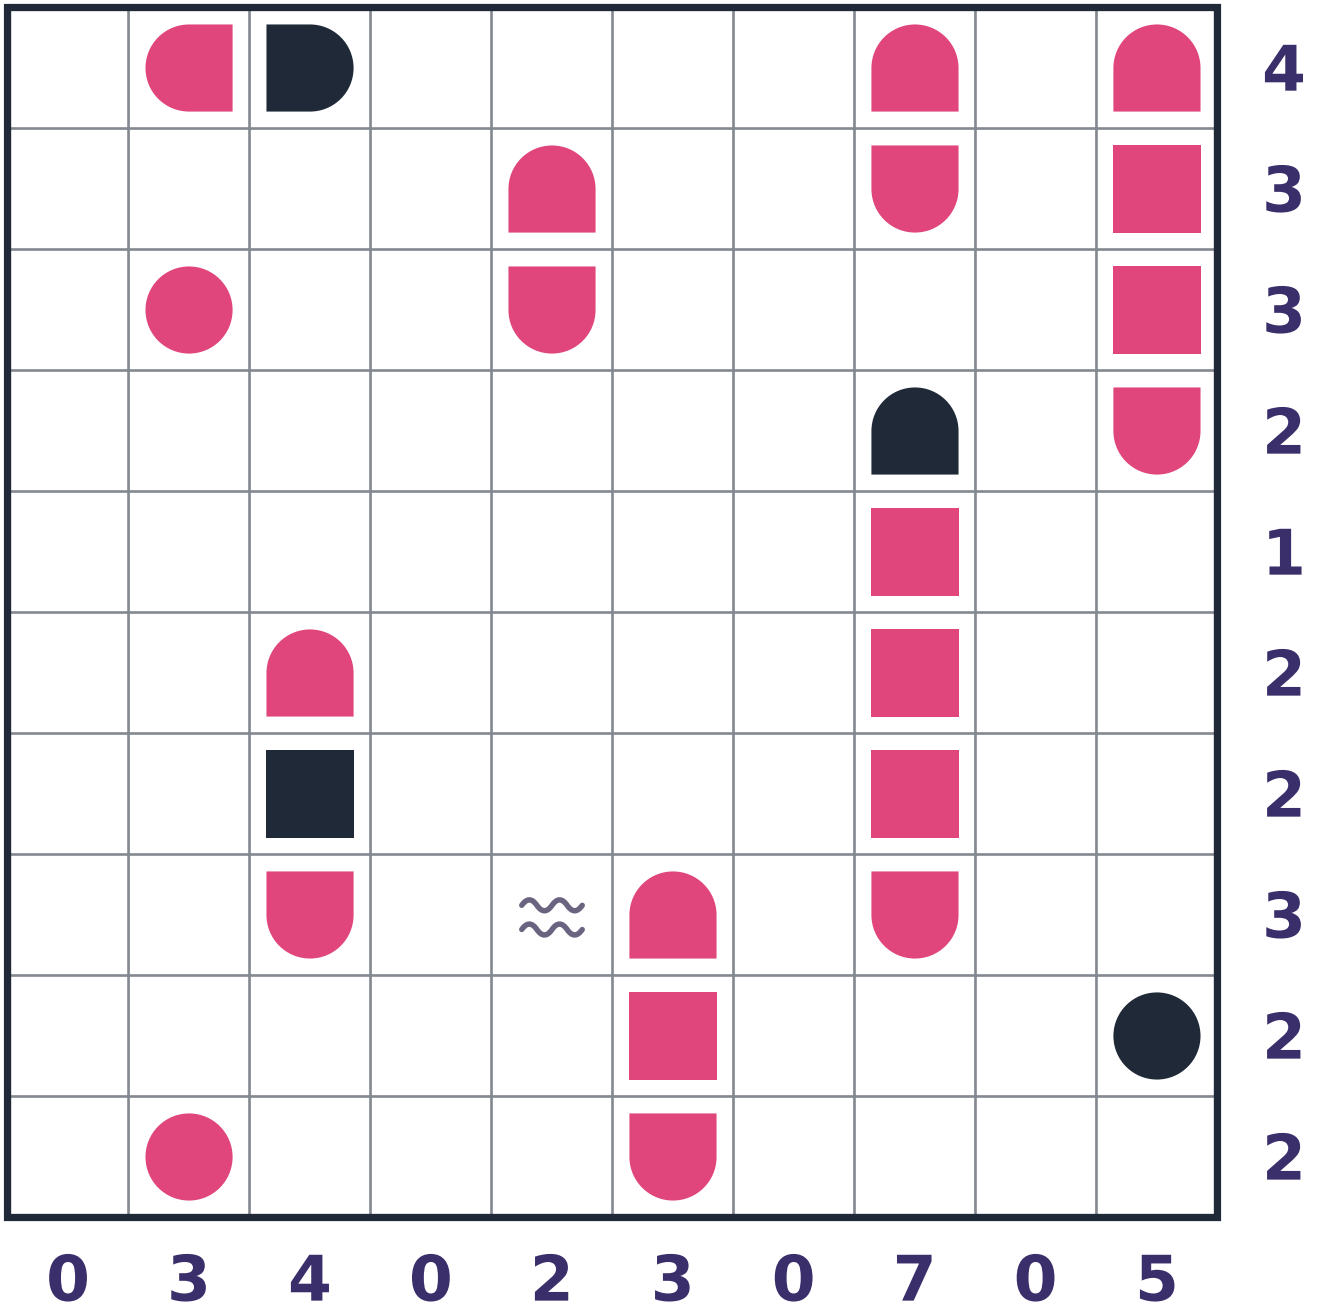

Fleet:        

Battleship puzzle 24: 10x10, carrier fleet (solution)

10 x 10 · 10 ships · 24 ship squares · 5 given squares · fleet logic

Find the hidden fleet. Each number counts the ship squares in its row or column. Ships lie straight and never touch, not even at a corner. Wavy squares are water.

Fleet:
