

Dots and boxes 30: Rules with two games below

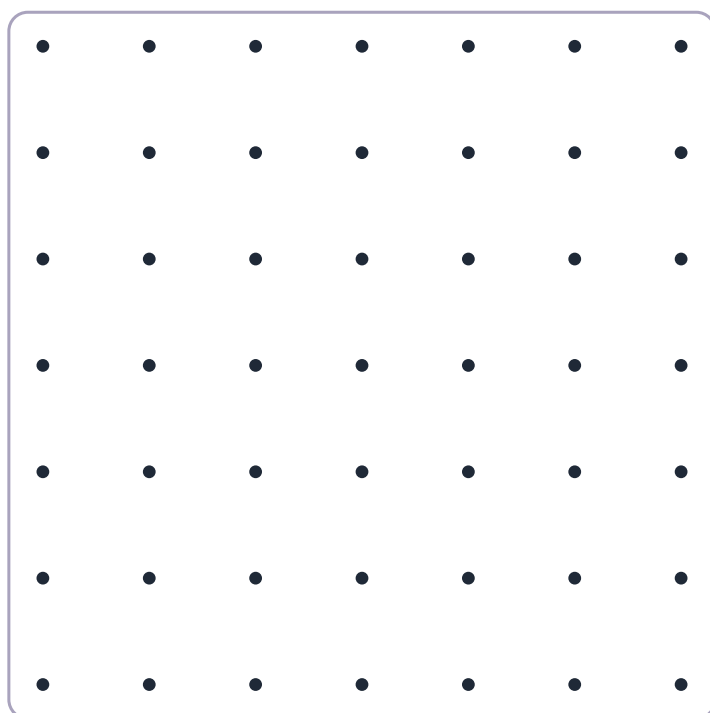

2 games · 6 x 6 boxes each · 14.1mm

How to play

1. Take turns drawing one line between two dots that sit next to each other.
2. Close the fourth side of a box and it is yours: put your letter in it and go again.
3. When no lines are left, count the boxes. Whoever has more boxes wins.
