

Killer sudoku 33: easy, answer under the fold

27 cages · 11 given digits · cages and singles

Fill every square with a digit from 1 to 9 so that each row, column and 3x3 box holds every digit once. The small number in a dashed cage is the total of its squares, and no digit repeats inside a cage.

11			15			6	17	
6	19		1	11			11	7
5		11	15		17			5
15			3		20		13	
16		14						5
	20		21	3		3	7	7
					11			
2	9	16		14	5	13	15	
7								9

Answer: fold this strip under before you start

1	7	3	4	5	6	2	9	8
6	2	9	1	3	8	4	5	7
5	8	4	2	9	7	1	6	3
8	6	7	3	4	5	9	1	2
3	1	2	7	6	9	8	4	5
4	9	5	8	2	1	3	7	6
9	3	8	6	7	4	5	2	1
2	5	6	9	1	3	7	8	4
7	4	1	5	8	2	6	3	9
